WORLD AQUACULTURE VISITS QINGDAO FOR THE FIRST TIME

WORLD AQUACULTURE 2025 CHINA will be held in Qingdao, China with involvement from countries throughout the Asian-Pacific region and around the world.

World Aquaculture 2025 will visit China again after the first successful meeting in World Aquaculture 2002 , more than 20 years ago. Aquaculture is rapidly growing in the Asian-Pacific region and increasingly in China, therefore 2025 is the perfect time for the World Aquaculture community to focus on China again at Qingdao City.

Qingdao plays an important role in China's maritime development with its advanced marine economy, robust marine industry and strong foundation in marine fishery, marine equipment manufacturing, and marine transportation. Ocean University of China, Yellow Sea Fisheries Research Institute, Chinese Academy of Fishery Sciences, the Institute of Oceanography of the Chinese Academy of Sciences located here. Qingdao Port, the fourth largest port in the world, is emerging as an international shipping hub in Northeast Asia.

*Stay in touch with the program developments for
WORLD AQUACULTURE CHINA 2025 through our Web Page at: www.was.org*

DESTINATION: QINGDAO

Facing the Yellow Sea, Qingdao is located on the southern tip of Shandong Peninsula. Named after an isle near its shoreline called Little Qingdao and the Qingdao Village, an ancient fishing village, the city is an open coastal city with rich cultural traditions and natural resources in Northern China. It is an important coastal center of China, a well-known tourist destination, an international port, and a city steeped in rich historical and cultural heritage. It has been awarded one of the Most Ecologically Competitive Cities in China. It covers a land area of 11,000 square kilometers and a sea area of 12,000 square kilometers with jurisdiction over seven districts and three county-level cities and a resident population of over 10 million. Qingdao is a well-known city of football, city of film and TV and the sailing capital of China. It has won a series of honors including one of the 2021 China's Happiest Cities and China's 10 Best Cities to Live. It is also home to well-known brands including Haier, Hisense, Tsingtao Beer and CRRC Sifang.

SPECIAL PROGRAMS

World Aquaculture 2025 China will have many special Producer Sessions to address Producer's concerns from around the Asia-Pacific region. Various organizations and projects will organize special sessions during this event.

TECHNICAL PROGRAM COVERS THE LATEST RESEARCH

Sessions and workshops at World Aquaculture 2025 China will cover all aspects of aquaculture in the Asia-Pacific region as well as the rest of the world. Sample topics will include:

1. Aquaculture technologies, larvae, fingerlings, nursery and grow out

1.1 Seaweed Culture

- Micro Algae
- Macro Algae

1.2 Crustacean Culture

- Shrimp and Prawn
- Crabs and Lobsters
- Freshwater Prawn/shrimp
- Crawfish (special session)
- Mitten Crab (special session)

1.3 Mollusk Culture

- Bivalves
- Pearl oyster (special session)
- Gastropods
- Abalone (special session)
- Cephalopods, squid and octopus

1.4 Fish Farming

- Carps
- Turbot, Flounder, Sole
- Sea bass, Sea bream, Barramundi, Pangasius, Catfish, etc.
- Others Culture (Tuna, Walleye, eel, etc.)
- Groupers (special session)
- Tilapia Culture (special session)
- Salmonids and Trouts (special session)
- Sturgeons

1.5 Echinoderm and Other Species Culture

- Sea Cucumber
- Sea Urchin
- Sea Horse
- Others

1.6 Ornamental and Non-Food species Culture

1.7 Introduction, Alien and Emerging Species

1.8 Plankton, Artemia, Rotifers, etc.

2. Aquaculture mode

- Integrated multi-trophic Aquaculture (IMTA)
- Integrated Rice-field Aquaculture
- Sea Ranching and Stock Enhancement
- Recirculating Aquaculture system and Effluent Treatment
- Cage Culture and Floating Fish Farm Unit
- Deep Sea Aquaculture
- Alkaline Water / Arid Land / Aquaculture
- Biosecurity and Antimicrobial Resistance
- Bio-floc and Micro-ecological Agents
- Facilities and Intelligentization
- Ponds, Beaches, Rafts Aquaculture

3. Aqua-feed and Nutrition

- Feed Additives
- Fish Meal and Oil
- Fish Meal Replacement
- Lipid and Protein Sources
- Novel Feed Ingredients
- Live Feeds
- Feeds and Feeding

4. Aquaculture Disease, Prevention, and its control

- Vaccines and Therapeutants
- Immunology and Pathology
- Animal health and Diagnostics
- Prebiotics and Probiotics
- Bacteria and Parasites
- Virus and Diagnostic kits
- Pathology and Emerging Diseases
- Drugs and Chemotherapeutics
- Animal Welfare

5. Aqua-Biotechnology, Genetics and Breeding

- Genome Regulation and Manipulation
- Genomic Selection Breeding
- Genome Editing Breeding
- Genetic Mapping and Molecular Markers
- Selection and Breeding Programme
- Germ Cell Transportation
- Diversity of Aquatic Genetic Resources
- Genetic Basis and Regulatory Mechanism of Economic Trait Genetics

6. General

- Strategy, Policy, Planning and Standardization
- Biodiversity and Alien Species
- Information and Smart aquaculture
- Ecosystem, Environment and Climate Change
- Genetic Resource preservation and restoration
- Processing and logistics
- Food Safety, Verification and Risk Assessment
- Value Chain Economics
- Aquaculture Socio-economics
- Sustainable Production and Management System
- Emerging Issues
- Education, Extension, Technology Transfer
- New resources and conservation
- Internet of things technology
- Fishery Culture
- Innovation and High Techs
- Market and Trade
- Aqua-farm Design and Management

YOUR FULL CONFERENCE REGISTRATION INCLUDES:

- Admission to all sessions, seminars and the trade show.
- Admission to the Receptions.
- Conference bag and Show Directory(except for spouse)
- Refreshment Breaks and Cash Bar Happy Hour
- Students receive the full registration package plus the Student Reception.
To qualify for the student rate, a copy of your student I.D. is required.
- Only pre-registered attendees are guaranteed materials

REGISTER EARLY AND \$AVE!

CALL FOR PAPERS – DEADLINE: January 31, 2025

WORLD AQUACULTURE 2025 CHINA encourages the submission of high quality oral and poster presentations. We strongly encourage authors to consider poster presentations because poster sessions will be an integral part of the program. Papers submitted for “oral presentation only” may not be accepted as oral presentations due to the limited number of available time slots. **All abstracts must be in English – the official language of the conference.**

Each oral presenter shall be entitled to no more than 15 minutes for a presentation, plus 5 minutes for questions. Authors of studies involving proprietary products or formulations should present this information in workshops or the trade show. Oral presentations should use Power Point. Slides, overhead projectors and video players will not be available or allowed.

All presenters are required to pay their own registration accommodation and travel expenses.

World Aquaculture 2025 China cannot subsidize registration fees, travel or hotel costs.

No Abstract Book will be printed – an Abstract Book will be available online.

INSTRUCTIONS FOR PREPARATION OF ABSTRACTS

Expanded Abstract Format - Please refer to the sample.

- 1. TITLE OF PAPER:** The abstract title is printed in CAPITAL LETTERS, with the exception of scientific names which should be Upper/lower case and *italicized* (see example). Scientific names should not be preceded or followed by commas or parentheses or other markings.
- 2. AUTHOR(S):** The first name should be the presenting author. Use * after the presenting author. Type in upper/lower case.
- 3. ADDRESS AND EMAIL:** Type only the presenting author's institution, address and email. Type in upper/lower case.
- 4. MAXIMUM LENGTH:** One Page
- 5. PAGE SIZE:** Standard 8.5 x 11 inch paper (portrait)
- 6. MARGINS:** 1-inch margin throughout (left/right/top/bottom)
- 7. SPACING:** Single spaced
- 8. PARAGRAPHS:** Paragraphs should be separated by a blank line and should not be indented.
- 9. FONTS:** Character fonts should be 12 point type.
- 10. FIGURES & TABLES:** Figures and tables are highly recommended. They should be reduced to the appropriate size for a one page abstract and should be clearly readable at the reduced size. The reduced figures and tables should be included in the abstract in camera-ready form.

EVALUATION OF JUVENILE AUSTRALIAN RED CLAW CRAYFISH *Cherax quadricarinatus* FED PRACTICAL DIETS WITH AND WITHOUT SUPPLEMENTAL LECITHIN AND/OR CHOLESTEROL

Laura A. Muzinic*, Kenneth R. Thompson, Tracey Christian, Carl D. Webster,
Lukas Manomaitis, and David B. Rouse

Aquaculture Research Center
Kentucky State University
Frankfort, KY 40601
lmuzinic@csr.net

Red claw crayfish (*Cherax quadricarinatus*) are one of more than a hundred species of Australian freshwater crayfish. However, because of its rapid growth rate, ease of spawning, wide tolerance, and lack of a larval stage, red claw may be the best candidate for aquaculture in the United States. Red claw are only being investigated as an aquaculture species in the country and little information exists on their nutritional requirements and practical diet formulations. Many crustaceans require lecithin and cholesterol to be added to their diet, these two nutrients are usually expensive. However, lecithin and cholesterol are very expensive. Since diet costs can be as much as 10% of total expenses for an aquaculture enterprise, it is imperative that the least expensive diet which meets the nutrient requirements of the species. The present study was conducted to determine if cholesterol and/or lecithin needs to be added to a practical diet for red claw crayfish.

An 8-week feeding trial was conducted in a recirculating aquaculture system with newly-hatched juvenile (0.2 g) red claw, each stocked in plastic mesh culture units. Individual units were placed within fiberglass tanks, each containing a vertical water line. Water was recirculated through biological and mechanical filters. Water temperature was maintained at 27-29°C and light was provided by overhead fluorescent ceiling lights on a 12-hour light:dark cycle. Ammonia, nitrite, nitrate, oxygen, temperature, alkalinity, chlorophyll *a*, and pH were measured three times per week. The goal of the study was to examine the effects of growth performance of newly-hatched juvenile red claw when fed four practical diets with or without cholesterol and lecithin. Other practical diets included menhaden fish meal, soybean meal, shrimp meal, wheat flour, vitamin and mineral mix, pellet binder, cod liver oil, and corn oil (Table 1).

After 8 weeks, red claw crayfish fed a practical diet without cholesterol (Diet 3) had significantly ($P < 0.05$) lower final weight, percentage weight gain, and specific growth rate (SGR) compared to crayfish fed all other diets (Table 2). These results indicate that a practical diet containing 2% cod liver oil and 1% corn oil and having no lecithin appears to be sufficient and that lecithin may not be necessary for juvenile red claw diets.

MEMBERSHIP CATEGORY: (Indicate only one)

- Individual** (USD 90/yr) Applies to an individual only
- Full Student** (USD 45/yr) Has all benefits and rights of regular membership including voting for all candidates on the ballot (Copy of Student ID or Signature of Professor required)
- Comp Student** (No charge) Has all benefits of regular membership but voting only allowed is for the Student Director and not for the full ballot. (Copy of Student ID or Signature of Professor required)
- Sustaining** (USD 155/yr) Applies to any one individual from a company
- Corporate** (USD 295/yr) Allows all employees of one company to attend meeting at Member Rate
- Lifetime** (USD 1400 with one chapter) Applies to an individual only

CHAPTER OPTIONS:

*One chapter included in membership.
Mark the chapter you choose.*

- African Chapter**
- Asian Pacific**
- Korea**
- Latin American/Caribbean**
- United States (USAS)**
- None** (deduct USD 5)

You can add extra Chapters for USD 5

**Discounted rates available for individuals in countries based on World Bank List of Low Income Economies. Must sign-up on website only for this category.

Fees for memberships are non-refundable.

Total Amount for WAS Membership USD _____
Please enter this amount under "Membership Dues" section on opposite side of this form.

***For membership in other associations, please contact them directly.
If you need a phone number, contact the Conference Manager (+1-760-751-5005).***

MANY OPPORTUNITIES FOR FARM TOURS AND TRAVEL

Some incredibly special tours will be arranged. Details to be provided later – check our website for updates.

HOTELS

We have arranged a wide range of quality accommodation at special rates. Please check the website for hotel details.
